Power Outlets

Optional internal power outlet in different types (Universal with 1 USB port, US, EU and UK).

Sparkey

The cost-effective electronic service unit that allow staff to activate the safes, override a locked safe and store 350 audit logs for print outs using a PC. The SparKey has an extra layer of security with PIN code protected, so in order to perform an override on a locked safe, staff must enter a PIN code generated by the Admin software.

KingsGate Admin Software

To program the service unit(s) and print out audit records, the Admin software is required.
